“ Dale once lived in California. Dale and Raymond, his brother worked for Raymond, International as pile drivers. I worked with both Brothers. Dale was racing a Chevrolet coupe when we first met. I first met Raymond Emery and later on a job, met Dale. We worked on a number of jobs together. Dale and I roomed together on a number of out of town jobs. We left Hayward, CA on a holiday Sunday to go to a bank construction job at Crescent, CA a very long drive for us and I believe it was our last joint job. I left piledriving and the final time I saw Dale he came to my Machine shop in Fremont, Ca and together we drove to a meeting. At the time Dale was living in Livermore, CA. Dale was a fine friend when we knew each other. I recall him driving Pure Hell for Rich Guasco. I believe Dale had his own dragster in a garage. But funding one of those was expensive. I am so sorry we did not get back together when he moved to Texas. I always enjoyed working with Dale on various jobs. Dale also departed piledriving. My father also worked for Raymond, International and most of us were kind of like family. RIP Dale. Best wishes to his family and friends in TX. Dale is missed by many people. What a wonderful man. I knew him when he was in his Early 20s as I was. I think I last saw him around 1971. Robert A Whitmore

“ I was honored to have known Dale. His wife told me that Dale trusted me as his Dr. Even though I was his Nurse Practitioner! Which was a great honor, since he didn't trust many medical professionals . His Spirit to live was so strong, I could see it in his eyes from the moment I met him , even with all his medical issues. You could tell he was exceptional, before you ever took his social or medical history. I was fortunate to see him the days before his death as I was visiting a friend in the same ICU. I will never forget the Halloween Costumes he wore at Bebo's & Kathy's parties! He was an exceptional individual & I am honored that I got to meet & take care of him. He will be missed. I feel blessed having to know him in my Professional & Social life! He is an Icon, but so humble to interact with. I loved you Dale & I love you Brenda!
