“ Jamie, The last time I seen you, your mom was in ICU and I was there visiting my father-in-law. I told you in a couple more years I was going to buy me a Harley. You gave me your cell number and told me not to be a stanger and to call you and we would defintley go riding when i got my bike. Im sorry I didnt make your phone ring and hang out and catch up on things. Your a good man and your going to be missed. As you know life gets in the way and we allow it but you never did. Im glad God put you in my path. Til we meet again. We love you. You may have left us but we will NEVER forget you

“ So many times we all travel a road less traveled for the adventure or the experience . I think Jamie did both . I think we can all feel blessed for having him in our lives for such a short time . May God Bless and give you comfort through the coming days . The memories you have will fill the void over time . We love you and want to keep in touch . We are only a phone call away .

“ You never said you were leaving, You never said goodbye. You were gone before we knew it, And only God knew why. A million times we will need you, A million times we have cried. And, a billion times we will ask why. If love alone could have saved you, You never would have died. In life we loved you dearly, In death we love you still. In our hearts you hold a place, That no one can ever fill. It broke our hearts to lose you, But you didn't go alone. For part of us went with you, The day God took you home. RIP Jamos, we love you!

“ Jamie, Thank you for being you. You had such a huge heart and I will forever be grateful for you helping me to learn that I deserved better in life. I will always remember when you told me about the first time you saw Misty. You said that you knew that she was the woman you wanted to spend the rest of your life with and that she was something special. You were so happy and proud at the same time. I'm praying for your family.
