“ *My heartfelt condolences to the family and esp my son Jason. My fondest memories of Amelia was her kindness and caring nature. One of my earliest memories of her was when she walked me around her home and showed me her beautiful plants and esp her ferns. She kept me company during my pregnancy with Jason and I'll never forget that. I can always remember her reading a book quietly or spending an evening watching Novelas. She was so proud of her children and grandchildren. She was truly loved on this earth and will be missed terribly. May her soul rest in eternal peace with our Lord.*
