“ David (Big Daddy) you were my boss for so many years and over those years you became not only one of my best friends but my family. You taught me so many things, inspired me in so many ways and we made countless memories together in and out of work that I will forever hold in my heart. You are loved and will be missed not only by me but by everyone who knew and loved you. Such a loving and fun man who went home sooner than we'd like but I know you and Jesus are probably making new and better memories together than I can imagine. You will forever be in my heart. I love you D!
