“ *i didnt grow up in Texas but when we came to visit our family Elda and I connected. I would spend the night with her and we would have such a good time. When my husband was transferred here 43 years ago we connected again. I would go to Aubrey and she would do my hair and then she would take me to all the local places for lunch. Elda and I share the love of dance and 60s music. I will always remember her when I hear Brick House. She was one of the nicest people I know. Elda was my favorite cousin and I will miss her beautiful smile and kind nature. Rest In Peace sweet girl until we meet again.*

“ Elda was my BFF and we traveled down so many roads together. Our girls are all good friends, someone said it was like we had a blended family. I am going to miss her wonder friendship and crying together over our struggles, but we would laugh so hard that we would have tears running down our cheeks. Her passing is leaving a big hole in my heart, but I am comforted knowing we will see each other again in our eternal home. I love you, McGoo!!!
