

Ellette "Ellie" Jacqueline Hunter

July 8, 2022 - January 9, 2026

Ellette "Ellie" Jacqueline Hunter, 3 years old, passed away Friday, January 9, 2026, in Dallas, TX, after a gallant battle against leukemia. Ellie was born July 8, 2022, to John and Jacqueline Hunter, big brother Frank, and big sisters Evangeline and Charlotte.

Born with a radiant spirit that only shined brighter through her diagnosis, Ellie brought endless joy and love to everyone around her. She loved to dance and sing, turning her living room or hospital room into the greatest of dance floors and surprising so many with her extensive playlist that covered so many decades and genres. Her laughter as she danced and played evoked feelings of pure happiness. She delighted in stroller rides, exploring the neighborhood or hospital halls with wonder and curiosity. Playing with her beloved sisters was her greatest joy, sharing giggles, dance moves, and love. She adored endless cuddles from her parents and

hugs from her big brother. She had a special fondness for McDonald's, Buee's,
blind boxes, Jersey Boys, Stitch, all things from The Nightmare Before
Christmas,
and her beloved boobie rags. Most importantly, Ellie truly lived life to the
fullest,
always finding joy even on the hardest of days.

Though her time with us was far too short, her spunk, joyful heart, and fierce
spirit
will forever remain in our memories. Rest peacefully, sweet Ellie. You will
forever
be in our hearts, and your legacy is only just beginning.

Ellie is survived by her parents, siblings, grandparents, aunts, uncles, cousins,
extended family, and countless friends, all of whom loved her dearly.

“ You are my fourth granddaughter! What a blessing to have had you in my life and now forever in my heart. You thought me what strength and resilience is. Even in the hardest of days you smiled; dance la colita song with grandma and played kitchen; hide and seek and other games. I was able to be a child just like you when I was with you. I have so many memories ; but two that I will never forget is dancing “La Colita” in your living room; you definitely have grandmas moves; playing hide and seek and you hiding in the same spot and when it was your turn to count ; your little beautiful eyes would peek to see where I was hiding. Will always remember our walks by the pool; pushing you on the swing and walking with your hand holding mine. I have you in my heart always; you gave a purpose in my life when I needed it the most. Farrell my beautiful Ellie belly as I often called you . Until we meet again I'll hold you and your memories in my heart forever. BROWN GRANDMA (as you used to call me!)

“ *Although I never had the blessing of knowing sweet Ellie, I know her father's heart and the love that surrounded her. As someone who has also lost a young grandchild to cancer, I share this grief and cling to God's comfort. 'He will wipe every tear from their eyes.' Ellie is now safe in the arms of Jesus, whole and radiant, and her spirit continues to shine in the hearts she touched.*

Some stars burn brightly for only a short time, yet their light lasts forever. You are one of those stars.

“ *I never met Ellie but knew her through her mother Jackie. I know she loved dogs the same as me. Even with all she was going through her spirit shined through. Rest in Peace sweet girl. 💜*
