“ Coach Moore I miss you so much. You cross my mind everyday . Having you as a teacher was the best thing ever. I remember everyday I would bring you Kettle chips and you would fist pump me. I'm happy you're not suffering no more but sad that you're gone from this world. Fly High Coach Moore <3

“ Coach Moore, I miss you so much. You are my favorite teacher of all time. I loved Geometry and Math Models with you. I loved the football conversations we had. I miss them very much. One day, I can't wait to meet you again. When that day comes, I can't wait to tell you about what happened in the NFL and College. Rest easy until we meet again.

“ Coach Moore was my geometry teacher and football coach at Jasper (the year he moved from Celina). He was always always a gentleman and he was the best teacher I had. His calm demeanor and passion for us really taught me that there are good people in the world. Coach we love you. God is amazing and I'm glad you're with him now while he takes care of your family. With love.

“ Gary Don and I co-taught a class for three years and you could tell he really enjoyed teaching. The students really took to his easy-going approach. He taught me that the little things just weren't worth stressing over. He always had my back in the room and I appreciate that. He will surely be missed and we've truly lost a good friend.

“ I coached track with Gary Don at East and he loved his kids and his pregame ritual. He would take his runners and put some goop on their legs and make them think they would win no matter what. Whatever it was he did, they won! He was funny, loving and a genuine person. He loved the kids he coached, the people he coached with and he loved coaching. He adored his family as they were his number one. I'm sad he won't be here to give me a hard time. Blessed that God allowed me to meet such an awesome person.

“ Val and family; what an AMAZING man, son, brother, husband, father, coach and friend he was. He will forever live in our hearts and we will always remember the example he set for so many of us. I have so many great memories of Gary. One that I will never forget was his passion for kids. At one point in my life, I was struggling to raise my boys alone. I reached out to him for advice, strength and prayer. After witnessing my weakness with the boys, he called me and said “Let me take the boys, play football with them and help them with homework. They can spend the night and I will get them to school the next morning “

This was at a time that he also had a full schedule, wife and small children at home. This was Gary. He was always helping, thinking and praying for others. I pray that my boys will have the same compassion. We are going to miss you Coach. Watch over all of us. Your life here was too short but I know we will see each other again for eternity.

“ While I didn't know Gary Don personally, Valerie would always tell me what a wonderful man he was. It was so obvious the love of the Lord shines in his family, and that is a testament to the man who led well. While we don't understand why the Lord allows some to leave this world before their time, we know we can trust Him in the midst of it. God is ever-faithful. Romans 8:28 is my favorite verse, “And we know that God works all things together for good, for those who love Him and are called according to His purpose”. Even through your great loss, Jesus is being glorified through your pain. God will carry you through these times, make you stronger and draw you even closer to Him, if you will allow it. May you find peace, hope, love and joy in the midst of your pain. I'm praying for great blessings for your family! ❤️🙏

With love and hope,

“ There are so many memories I have of Gary Don, the first one that sticks out in my mind was Big Mama told me he had to have mayonnaise on his chili dog (when we had team meals) but I had a child that required the same thing. Playing basketball he always said he could hear his Mama and I talking and laughing all during the games (said he always knew when we got to the games). But a special memory is when at the age 15 he went to church camp with my son, Dusty, they both came home on fire with the Lord, I loved hearing the stories they told from camp. Words are not enough at this time, but I hope this family can feel the love and prayers that my family has said for all of you. Your bond as a FAMILY is the testament of what you are, the closeness you have in faith and family, I hope this will get you through the most difficult time in losing such a wonderful man, because I know he was your pride and joy.

“ Our first memories of spending time around Gary and Valerie were when Kena and Travis got married in Cabo. We spent many hours in the pool in the days leading up to the wedding. During that time through our conversations Gary and I developed a bond since we were both coaches. In all that time Gary never called me Kenny, always Coach and yes sir no sir. It was obvious the respect he had for us older coaches. Congrats Coach Moore and Mrs. Moore for raising such a high character young man. Absolutely, cherish talking football with young coaches such as Gary. Some 7 years later (2018) Gary and Valerie found out through Kena that Gail and I were going to Seaside resort in Playa. They also were planning to go there and were able to schedule so we would have a 3 or 4 day overlap. This was probably 6-7 months after Gary and Valerie found out the ALS diagnosis. We had such a great time with this special couple and will always cherish those memories and the pictures posted here. Valerie, we are praying for you and those sweet kiddos each and every day for peace and comfort. Prayers also for the entire Moore family and friends.

“Coach Moore was Joseph’s 🏈 position coach at Plano East, and touched Joseph and the players with his love of life and love of God. He was more than a coach to them, as he was the model of a servant leader. He truly loved his players and wanted the best for them in life. He always signed out with “love you”... and meant it. Thanks to God and the Moore family for sharing Coach Moore with us all.

Praying for the Moore family... for peace, understanding and continued faith in his works.

“Gary Don has touched so many lives. The way he talked to kids, other coaches, and parents was always very straight forward and honest. I was taught that at a young age and always appreciated that about Gary Don. When he told one of his players that he loved them, he meant it. He will be missed. Heaven has a good one. God Bless.

“ Spent a lot of time talking ball and talking life! I am honored to call you family. Our families bonded and looked after each other. Your daughter taught my son how to ride a bike. You tried to teach me your one signature dance move! Your family always showed love and fellowship unlike anything I have experienced outside of blood. So many fun times and great experiences with this man. My dude! Rest easy brother.

Kenny and I are so sad at the passing of Gary Don. Of course with Kenny growing up and playing football under Virgil Miller he missed playing for GA. But our son Marc played against Gary Don for years. I visited with Gary Don a few years ago at a Celina Homecoming parade. A very gracious young man. So we knew them from living in Prosper and playing against Celina. I can't imagine how much Valerie and the kids will miss him and with their broken hearts are GA And his momma and sisters. Prayers for strength and peace to get through this heart breaking loss.

Our thoughts are with you and your family. We often think of the beautiful young family who moved into our neighborhood and my premonition that Trey would be coming into your family. You and Gary made a beautiful couple and lovely family. Now, as you face this loss, we trust God to help you find comfort and solace knowing that Gary is whole again with the Lord.

“ We came to know Gary only a few years ago during our time at Mustang Baptist Church. We have never met a finer individual. He was a joy to be around even after the deterioration of his once strong body progressed. One thing is certain: He was more than ready to meet God and ready for heaven and everyone knew it. He loved to tell others about Jesus and about what is really important in life. We look forward to seeing him strong and healthy once again when we join him in glory. Until then we will miss you Gary Don Moore and we grieve for your family and loved ones.
