“ *The world is a much darker place since the passing of Hubert. I will miss his songs and his kindness to others. Music brought us together, and because of that his memory and music will live on for the rest of my days. My heart is sad for Judi and their family, when a truly great man passes the effects are devastating. .I miss you every day Hubert.*

“*Hubert and I worked together at FEMA for from 2005 to 2017 when he retired. Hubert was such an easy going guy. Like many others said he easily made friends everywhere he went. Hubert was around the same age as my parents, so it was good to talk to him and get his perspective on life being from the same era as my parents. Hubert and I had some great times working disasters for FEMA, working daily in the region and riding our motorcycles. We both had a very strong passion for riding motorcycles and would both ride to work pretty much everyday. We went to lunch together pretty much everyday and developed a strong friendship. Hubert would always be our Santa Claus for our annual Marines "Toy for Tots" run at FEMA R6. I loved listening to him play his guitar, he was such a talented musician. I remember this one time we were working the Moore Tornado in Oklahoma and there was a Blues band playing the the Hotel bar we were staying in. Hubert went and talk to the singer on one of their breaks and next thing I know they invite Hubert up on stage to play with them. He was in his element up there rocking on the guitar.*

My heart goes out to Judi and their family. We have all lost a great friend, father, husband, brother and patriot. Rest in Peace my friend, love ya!

“*Hubert Leigh was my big brother. I met him in the early nineties (I was adopted out when I was 3 1/2). I remember how he embraced me the day we met. He hugged me like we had never been apart. He was 13 yrs older than me and he remembered me. He filled gaps in my life that I had no answer to. I felt as though he completed me. I will miss you big brother. I love you so much. Noelle. “*Hubert was an awesome co-worker who was always “Johnny on the spot” for fixing IT issues. He was also a personal friend who played music with me, when we weren’t deployed. A joy to be around and I will miss him greatly. Bill Doran*
