“ My heart goes out to Sandy and the family with deepest sympathy. Jeff and Sandy were the LaQuey team of Master Naturalists in life and in our chapter. We are grateful for the ways he was always willing to assist, like the day the water pump quit when there were 100 second graders on a field trip. Maybe we will be able to create the fossil dig activity he suggested but we hadn't built yet, thinking we still had time to do it together. I remember when he held onto a baby snapping turtle because I didn't have gloves but wanted to see it up close; he gave me that moment to put on iNat. Jeff was kind, creative, generous, thoughtful, faithful, reliable and hard working, and we will miss him very much. We're blessed and thankful to have known him.
