“ Jeff was the best friend anyone can have. He build a wonderful life with Misty. He was caring and quick witted Jester that desired to be to be to be a benefit to all his friends and family

“ Where to even begin... Jeff has been such a great friend!! Worked with him for my 13+ years at Bueno. He was the go-to-guy when you needed something technical figured out. He was like a dog with a bone and would not rest till he found an answer or a solution. We mastered administering and upgrading GP side by side. It was so awesome to see when he met Misty. He got a new pep in his step. It was so exciting to join in the celebration of their marriage. They made each other so happy! They went thru a lot together but made it all look easy. I look forward to the day when God will wipe all the tears from our eyes and we will meet him in eternity. I plan to live so that I can see my friend again!! Prayers of comfort especially for Misty.  
Prayers for the rest of the family as well.

Jeff was the go to guy when it came to tech support. He was always willing help anyone even if he was up to his eyes with projects. I knew him during our time at Bueno but I considered him a friend. I'm saddened by his passing but he is in a better place. I pray that God give peace and grace his wife and family always and especially during this time. Until we meet again Jeff.

“ I only worked with Jeff for a short time, but we had alot of laughs. His genuineness inspired me to be as open and honest as he was; but most importantly, to be kind. I will miss our talks in British accents and hearing him speak to his computer like a person. He was a kind soul. Heaven just got alot brighter!
