“ *Love this great lady and her family. I know she was met in Heaven with great joy. Once things settled down I am pretty sure the dominos came out and my folks and EK and Jeannette talked and laughed for hours. Well deserved rest for them all.*

“ *It's been decades since I chatted with the Waldrum's. They trusted me with their son, Randy, for four great years at Midwestern State University. He and I are still friend 40+ years later. Not all parents make an impression on their son's coach, but the Waldrum's were special and I will always remember their devotion to Randy and his to them. God rest their souls. Job well done.*
