“ Linda was one of five cousins born between April and September 1952 to children of Eugene and Ellen Harris. The cousins, Linda, Lynette, Belinda, Dawn and Tom, got together in the summer of 1970 at Belinda's family's home in Austin, Texas. These recent high school graduates did not have a clue for the most part, but were ready to have some fun. The Smith family were great hosts. I will always cherish those memories.

“ The Harris family, including Carl and his family, his parents, seven brothers and sisters and their families, got together on Thanksgiving every year. Most of these gatherings were in McPherson, Kansas at Linda's home with her parents and brothers. These were high energy, happy and loud events. The highlight for most of the cousins and some of the uncles was the after dinner football game. These were serious games....full contact "touch" football. Linda was always a participant, not a cheerleader or observer. She often quietly drifted to the corner of the end zone and received a cross field pass. We had a lot of fun while tearing up lawns.
