“ *Lois was one of the first locals I met when we came to Aubrey more than sixty years ago. When she greeted me with that irresistible twinkling-eyed smile with which she greeted everyone, I thought she was one of the most beautiful ladies I had ever seen. I still think so.*

“ Lois was a very special part of the King and Harmon families . We always loved her and L.Z. and the others and looked forward to summertime visits from Lois and other family members. We always had a wonderful time with them. She was the life of the party when when they were here. We loved to tell old stories, eat , go to Galveston, see the local historical sites and look at our chicken flock. We will miss her regular phone calls just to see how we were doing. She will be missed so much, but she is where she wants to be now.
