“ Mary and I had chemistry class together in high school. There was an incident in class one...let's just say my bangs were shorter after that class because I got to close to the flame of a Bunsen burner while looking through a cobalt glass. Those were the days of teased hair and lots of Aqua Net. At one of class if 1965 reunions, Mary brought me a gift with a card ... the card was about that incident and she gave me a big can of Aqua Net. She had such a great sense of humor.

I know her family will miss her a lot as well as her friends. My deepest sympathy for the loss of your mother. 🙏❤️
