“ Hey grandma I know it's taken me two years to post a memory of us on here but I couldn't right after you passed I couldn't read your obituary without breaking down and crying I still do cry but not as bad , no the pain hasn't gotten any easier I don't think it ever will but I have learned to cope since you been gone. I miss your laugh, your smile, the way you pulled me in when times got tough the photo down below is honestly one of my favorite photos of us besides all of the ones of you and I when I was little , there's another favorite of mine that I no longer have on my phone and I don't think it's on your Facebook anymore. But it's the one of me and you standing by the bus right before I went to camp, the way you smiled , as long as I was happy you were happy , my favorite memory of us definitely has to be every single night that you rocked me to sleep, you were my everything and I miss you dearly, until we meet again, fly high grandma ☐ I love you forever 9-9-50 - 7-22-22
