

Robert Earl Biedinger Jr

September 2, 1962 - May 27, 2026

Our loving father and brother, Robert “Robbie” Earl Biedinger, Jr. passed away on May 27, 2026. He was 63 years old. Robert was the first-born and only son to Robert Earl Biedinger, Sr. and Sang Nye Choi Biedinger, born on September 2nd, 1962 in Mineral Wells, Texas.

A man of many passions, he answered to many names. Dad to his children, “Robbie” the big brother, to his sisters, “Dinger” to his classmates, and later just Rob, but not Bert. He had a wonderful big laugh and when he smiled, you smiled. His intelligence was not to be out shown by his creative self. His endless curiosity, love, and passion poured into many interests. He pursued music in many ways such as singing Bass in the choir, Kaleidoscope and a trumpet player for concert/marching band. His affinity to science fantasy aligned with Dr. Who the most as they both embodied an intelligent whimsical nature with a bit of eccentricity. Later in life he transformed (as did The Doctor) to a prolific acrylic artist. Always learning and talented to solving the unsolvable, he was an invaluable team member as a Distributed Middleware Administrator with the Federal Reserve. Robert was widely known throughout his career for his work ethic, dedication, and contributions which all came naturally to him.

Most of all he loved his children. He wanted nothing less than the best for them and encouraged them to strive for excellence. They were fundamental to

his human relationships and created him a guiding light. Robert thrived off of being able to provide for them.

He is preceded in death by his parents, Robert Earl Biedinger, Sr. and Sang Nye Biedinger.

He is survived by his children, Robert "Bobby" Biedinger of Denton, Texas and Meagan Biedinger of Fayetteville, Arkansas; three sisters: Janice Biedinger of Buckeye, Arizona, Sharon Biedinger Bliss and husband Tom Rogers of Atlanta, Georgia, Karen Biedinger Stephens and husband Billy Stephens of Temple, Georgia; nephew Alex Bliss, niece Maia Bliss, Uncle Byung Yeon Choi, cousins Semoon Choi Martin, David Yeon Choi.

“ I have been working with Robert for the last 4+ years. Robert was a meticulous person and in true sense, he went above and beyond to help his customers. Robert was a man of few words, but his actions and work spoke louder. I am sad to see him depart so early, especially when he was hoping to retire and enjoy his retirement. As they say, certain things are beyond our control. My deepest condolences to Robert's family.

“ I worked with Robert since 2017; he was a very good software engineer and a colleague of mine, quite astute and with a good sense of humor. His most important quality was that he was very responsive to his customers and colleagues, never missing an opportunity to help. What can be better in a person? I am so sad that he is gone...
