“ I worked with Russell when we were TI and again at Raytheon. He was such a nice guy and I will always remember when I ran into him playing at The Trail Dust and he took time and talked to my young son. Miss you Russell.

“ I went to school with Russell and have not had the honor of seeing him in many years. I prayed hard for Russell every day, and for you (his family). There really are no words that can fill the empty place felt in your hearts. I just pray that God will wrap his arms around around you and comfort you during this time of need. Its obvious how many people loved Russell and I hope that you can find comfort in knowing how much he meant to so many people. Please know that I have continued to pray for you and for all of his dearest friends. So many people hurting right now. May God bless you and keep you near Him. Thank you for loving Russell so much while he was here. Natalie Akins Foutch
