“*You were too nice to let me drive your beautiful blue Corvette on Forest Ln. What a friend! I was honored to get to the lake with the Neville's. In High School, I have never laughed so hard - whether it was eye rolls, pursed lips, crossing arms - we had a way of communicating in a crowd without saying a word. I lost you for years. And then we connected again - picking up just like before. You were still Vicki! Our 50th reunion was great. I knew we would get back together again. Sadly this was not to be. Now I am look forward to seeing your smiling face in eternity. Love you Vicki. Proverbs 17:17*”

“ I love that picture of her -- I'm still in shock! Vicki and I go way back working at the Church together in the nursery.. She loved those children and you could always tell how much they loved their Ms. Vicki. I think of Vicki each year around Christmas -- we both love that time of the year and she would always let me know what radio station was playing their Christmas songs first, so we could start listening. In fact at work this week, I've been playing Christmas songs to feel closer to her. I'm just so sorry that I didn't see her more often after we both left the Church, but she is a lady I'll never forget -- what a beautiful person inside and out!

*Love and miss you Vicki,
Karen Rodriguez*
