“ *I didn't know Walter, however I know his sister, Julia. If he was anything like Julia, I know he was a stand up guy who loved family and fun. I am sending sincere condolences and prayers of peace for the whole family. 🙏🙏*

“ *Walter was always a joy, smiling when he walked into the cafe (White Spot Cafe). But I remember the love for his son and the absolute joy that filled his heart when talking about his son. He will be missed by myself and many others.*

“ *Walter was one of the first engineers to welcome me as new FAA engineer. He took the time to make me feel a part of the team. We talked in January as we both decided to take the "fork in the road". He has been in my daily prayers, and it's heartbreaking to hear of his passing. I am comforted that he was a man of faith. May he rest in peace.*

*I met and worked alongside Walter in the late 80s/early 90s at the old FAA Southwest region headquarters in Fort Worth. He was a good engineer with exceptional computer skills (a helpful resource for me if needed) and possessed a sharp wit to compliment his friendly personality. He contributed a dedicated career to FAA including Alaska in addition to his military service.
Thanks for your friendship Walter and may you rest in heavenly eternal peace.*

I met Walter a way long time ago in 1983 at Boy Scout Woodbadge, a leadership course for adults. We were in the Eagle patrol. Always a resource for me in Scouting and a true friend always. Could discuss anything and everything and kept in touch over the years sharing family and life stories . My son was on a Philnont trek with him. Always a Joy to be around / He will be missed by many and I know his rest will be in peace in Heaven.

“ When I was moving and sold my house in Keller. I posted on Facebook how tired I was and couldn't budge one thing in my shed . Walter to my surprise showed up with gloves . He helped me empty the whole shed . Then Gave me a big hug and disappeared. ! I was moving to the art house in Keller and had to move all my lawn equipment . We were Keller neighbors ! He was a very nice man . We all met through Christian singles . It's cool we all stayed friends ! I'm am saddened and so very sorry to hear of his passing . God bless everyone at this difficult time. Deepest sympathies to family and Sandy .

I had the opportunity to serve with Walter o. The PMI Alaska Board. I was just starting my journey in project management. Walter encouraged me to run for President and to get my PMP. He was wicked smart and generous, with a dry sense of humor. I was honored to know him. Praying for family and friends I am saddened to hear of his passing m.

Your amazing knowledge in almost any category thrown you way has always been so impressive to me. You schooled me in "how you put a rabbit to sleep in your hands (temporally, of course), net fishing for salmon in Alaska, figuring government pensions, eating Stingray is a delicacy, and so much more. Your kindness, knowledge, and sense of humor will definitely be missed. Love to you and your family at this time. See you later when our paths cross again.
