“ Donna and Scott, my condolences. I wish you both healing and peace. The few short years that Wendell was in my life has provided me with a lifetime of memories that I reflect on daily. The golf games where we laughed from start to finish on what seems a daily basis. The trips to Bike Week Daytona, Sturgis, Mt Rushmore, Devils Tower, Grand Canyon and the Crazy Horse Monument just to name a few. He will always be the man who changed my life and the way I live it. Many thanks and appreciation. Peace to you all.

“ Wendell was a mentor and a friend. He, like no other, helped me in my career and life. He asked a lot, expected a lot, but also gave back even more. I have fond memories of Donna and Wendell joining Jan and I on group motorcycle rides to H-D anniversary parties in Milwaukee and dealer shows, with all sorts of funny stories from the road. We also road part of the Baja together, a trip I won't forget. So grateful for his presence in my life, he will be missed.

“ *Dearly loved and missed! We have enjoyed every second of the past two years of being neighbors and friends! Mr Edwards always met us with a smile, loved our boys as his own and shared with us amazing stories of his accomplished life. He was never short of sharing a good joke and laugh. He truly embodied a love of life and constantly raved about his soulmate Donna and how proud of he was of their son Scott! We should all find comfort in the fact he lived everyday to its fullest as God intended. He is truly and dearly missed in our home. We are honored to have had the time we did with him. -Steven, Laura, Colby and Samuel Lubich.*
